

SPE "Diskovi Systemy" was founded in 1995 and is one of the leading companies of the Ukrainian market of electronic contract manufacturing.

In the year 2006 our company was certified according to the **ISO 9001** system as a contract electronic manufacturer.

Unlike many other Ukrainian and Russian enterprises, which offer service on the assembly of electronic units and products with a purpose of equipment usage, which stands idle due to lack of orders to their own production, our company is a fully-featured contract manufacturer with a thirteen years experience.

The production powers of our enterprise as well as engineering and technical departments with qualified engineers allow us to offer a **full range of services toward the contract manufacturing to our customers**

Close cooperation ship with **Biakom ltd** one of the biggest supplier of electronic components in Ukraine provides the efficiency, low prices and high quality of electronic components to our customers.
